Archtech/NTW:

Networking Products: Cat 5 & Cat 6 cable, patch cords, patch panels, keystone jacks and wall plates; Fiberoptic cables and assemblies; Custom / OEM Cable for Multimedia, Audio and Video applications

<http://archtech.net>

Cree:

Gallium Nitride (GaN), RF& Microwave Power Transistors and MMIC's
<http://www.cree.com>

Innovative Power Products:

Couplers, combiners, resistors, terminations, and custom power products.

<http://www.innovativepp.com>

KCB Signal Solutions:

Filter based sub-systems for EW and Tactile Communications Systems. High Power Amplifier solutions with DSP support.

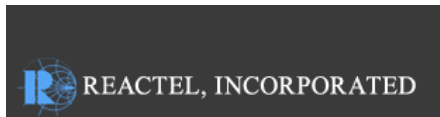

www.kcbsolutions.com

Nemotek:

Wafer level packaging (WLP), wafer level optics (WLO), and wafer level cameras (WLC) for portable and medical applications

<http://www.nemotektechnologies.com>

Reactel:

RF and Microwave Filters, Diplexers and Sub-Assemblies from DC to 50GHz. We offer tubular, LC, cavity, and waveguide designs, as well as state of the art high performance Suspended Substrate models.
