## New England

### Archtech/NTW:

Networking Products: Cat 5 & Cat 6 cable, patch cords, patch panels, keystone jacks and wall plates; Fiberoptic cables and assemblies; Custom / OEM Cable for Multimedia, Audio and Video applications

<http://archtech.net>

### Central Technologies:

Inductors, chokes, beads, transformers, toroids

<http://www.ctparts.com>

### Commercial Microwave Technology:

Cavity, Waveguide and Lumped Element Filter products covering frequency ranges of 300 MHz to 40+ GHz. CMT's Standard and custom filter topologies include: Bandpass, Highpass, Lowpass, Band Reject, Delay Filters, Duplexers, Diplexers, Multiplexers, Filter Based Assemblies and High Selectivity Splitters/Combiners.

<http://www.cmtfilters.com>

### Cree:

Gallium Nitride (GaN), RF& Microwave Power Transistors and MMIC's

<http://www.cree.com>

### Innovative Power Products:

Couplers, combiners, resistors, terminations, and custom power products.

<http://www.innovativepp.com>

### Insulated Wire:

High performance cable & cable assemblies. Microwave Cable Assemblies up to 60GHz, **Re-Flex™** Alternative to semi-rigid

<http://www.iw-microwave.com>

### KCB Signal Solutions:

Filter based sub-systems for EW and Tactile Communications Systems. High Power Amplifier solutions with DSP support.

[www.kcbsolutions.com](http://www.kcbsolutions.com)

### Nemotek:

Wafer level packaging (WLP), wafer level optics (WLO), and wafer level cameras (WLC) for portable and medical applications

<http://www.nemotektechnologies.com>

### TGS:

Quartz Crystals, Oscillators, Ceramic filters and resonators, SAW devices

<http://www.tgsinc.us>

### Thermo Cool:

Thermal management solutions for power devices. Heat sinks (pin fins, extrusions, skived fin, snapped fins, and bonded fin), heat pipes (fan sinks).
